JAYHAWK

1948

Next Wednesday is graduation day. From that on success and failure stare us in the face, whatever road we happen to take remains to be seen, so let's drink a toast to the future and what it may bring and then hope for the best.

10:30 P.M.

Dear Fred,

Well at last it is all over with, I mean this year, as you have chosen to continue your education. I wish you the best of luck and success in the future.

I don't believe that I will ever forget you as I have known you for some time now. Remember when we worked at the theatre together, that really was something. I really missed you when you quit. I could never believe you were going to be a priest.

Please remember all the fun we had this year together, the parties, dances, and most of all the night of the prom; or should I say the whole night and half of the morning. I don't think I will ever forget it we really had alot of fun, and especially you with the valedictorian of the class.

Well good-bye for now and always remember me and the whole gang and the good time we had.

Your friend
"Babe"

Dear Fred,

Since you and I choose to finish this year at Jeannette, everything has been a little different for us, I mean in regards to new teachers, friends, and various other things. We can both say it has been the most enjoyable year of the four years spent in high school.

We have just met this year but it seems as though we have been friends for years. You, Alvin, the gang, and I have had some good times together. As I look into the future the crystal ball shows many more enjoyable times for all of us.

Our plans to attend Indiana have gone up in smoke. Maybe it is for the best, we will get to appreciate one another much more. Anyway we are not in College yet, anything disappointing can happen between now and next fall, here's hoping it doesn't.

Alvin and I both agree that we seem like brothers toward each other. We can

Dear Fred,

Well the day we've been looking forward to is here at last and what a happy but sad day it will be. Everyone will enter their life's work and begin to plan for their future. I guess the Big Three, you, Don and myself, will be separated. I guess this has to happen sooner or later, but I hope our friendship lasts through out the life time of all of us. Remember those parties and good times we had together, the classes in school, the proms and the Commencement Dance

For you there is a bright future ahead, college and then a good teaching position or a high paying job. You know that is my wish for you.

I'll miss you around your jokes and everything (highballs). I hope when you look through is year book in years to come all your school memories will come back. And you have some good laughs on us.

The best of everything to you and hope to remain one of your best and truest friends forever.

Friend forever

THE PAST YEAR

We, the staff of the 1948 Jayhawk, proudly present to you, our contribution to the long line of yearbooks put out annually by the graduating class of J.H.S. We hope that you will enjoy reading it. As we look back over our four years of high school, we remember fondly all the good times, triumphs, yes, and even worries, that we have shared with each other. So, by trying to record all these things on paper, we shall attempt to let you relive with us our happy days at Jeannette High School.

Dear Friend,

Our high school life has come to an end. I never knew you until this year and now we've had a great friendship. Remember the fun we had at the Senior Banquet, Prom, + at parties. We surely had fun. Remember Hershey, How could you forget! Remember how we four, Don, Alvin, yourself, + myself used to go to the show and then up to Al's. What fun we had.

I now take this opportunity to wish you all the luck + success in the world.

Your Friend
Milton.

ADMIN

Dr. Snowden

DR. FOSTER B. SNOWDEN

Foster B. Snowden, Ph.B. (Lafayette), M.A., Ed. D. (University of Pittsburgh) . . . We are proud to have Doctor Snowden back with us this year, after his leave of absence working for the government in Germany during the last school term. Being superintendent of the Jeannette public schools, as you can well imagine, keeps him on his toes, but we have yet to see this quiet, soft-spoken man become noticeably disturbed.

THE SCHOOL BOARD

The class of 1948 here wishes to express sincere appreciation and thanks to these capable people, our school directors, who have helped guide our school successully throughout the year. They have gladly given of their time and efforts in the interest of our education, in settling our problems, in the best way always, and in keeping our standards high in every way. We wish them and the future directors much success as they continue their duties in behalf of the students of Jeannette.

"Saunter Forth the Seniors"

"Saunter forth the seniors" into a world of tomorrow—a world in which we shall find our happiness and success. But first let us turn back the pages of the calendar and look over the past year with pride and regret that we have finished four happy years of our lives that can never be regained—high school. Our last year was especially important—all those big social events—fun with the friends that high school brought us. Capably led by Glenn Brown, Lou Baughman, Norma Mull, and Joann Carr, we planned the Senior Party, the Senior Banquet, the Senior Tea —we cheered the loudest at the football games, we stood the longest at the basketball games, we danced the hardest at the Prom and Commencement—for it was our year. And when the time came to graduate we marched proudly in our caps and gowns, and vowed that we would never forget this—our senior year in high school.

SENIOR PERSONALITIES

BEST LOOKING

Norma Mull . . . A vision of sugar and spice all rolled up into one little senior—Norma, we proudly present our class beauty. Just to show that she's got a personality to go right along with it, Norma was chosen as a class officer for two years.

Dick Olson . . . Ooh, what that blonde curly hair and cute grin does to the girls. Thus, we chose Dick as the best-looking boy in the senior class. Dick has held many offices, and was elected class treasurer his junior year.

BEST DANCERS

Dorothy Jean Kohl . . . "Dot" is always at home on a dance floor. Just give her some music and a place to move her feet around and you can't keep her down. She danced her way into the title of the best girl dancer.

Dick Gustafson . . . Dick is one guy whose every heart beat must thump out the rhythm of a tune. Be it a slow waltz, a lively jitterbug, or a good old-fashioned polka, Dick's got it down to a "T".

BEST ALL-ROUND

Marianne DuBois . . . Marianne's friendly enthusiastic way of pitching into everything makes her truly worthy of being chosen best all-around. She was president of the Alpha-Tri-Hi-Y, editor-in-chief of the yearbook, and features editor of the Oscar.

Joe Constantine . . . "Everybody knows Joe", and the seniors are proud of him. He was chosen as class president during his junior year. Joe's aptness on the football field led him to be chosen as honorary captain.

MOST MUSICAL

Mary Lou Vonada . . . Mary Lou is one gal who can hush a noisy assembly anytime by giving out with one of her beautiful piano selections. Anything you want to hear, from "Bumble Boogie" to "Clair de Lune", Mary Lou can really make those ivories sing.

Rudolf Piacientino . . . Rudy is one of those boys who makes you wan'na jump around, when he starts blowing pretty music out of the clairnet and the saxophone. Rudy has been an active member of the band and orchestra, and plays with an outside orchestra.

MOST ATHLETIC

Patty Wagner . . . Basketball, baseball, swimming, or what have you. The red hair and limber form of Patty can be seen flashing through them all. She won a four year scholarship in the American Legion Essay Contest.

Lou Baughman . . . After doing his best to help our football team come through a successful season Lou got right in there punching with the basketball team. Lou's been chosen a class officer for three years.

MOST LIKELY TO SUCCEED

Patsy Clohessy . . . Here is a young lady who will really go places. Her intelligent answers have floored her classmates many a time, and it really took a clever teacher to stump our Patsy.

Glenn Brown . . . Our tall senior president really has a bundle of brains inside that blonde head of his. Glenn has also made a name for himself as one of our star basketball players.

BEST PERSONALITY

Joanne Carroll . . . You can always count on a sweet smile and pleasant greeting from Joanne. She was chosen vice-president of the Alpha-Tri-Hi-Y and has been an active member of the Oscar and Jayhawk Staffs . . . also drum majorette.

Joe Constantine . . . Joe was so popular that he was chosen for two senior personalities and besides the activities already mentioned he has been in the orchestra, and everybody loves that electric guitar!

Industrious Juniors Carve Their Niche

JOURNEY ALONG THE JUNIORS

1947 saw us as upperclassmen—and oh, how we enjoyed it. There was the undeniable thrill of coming to our first upperclass assembly—we felt as though we were really big stuff. And then there was the Junior-Senior Prom—and our important part in planning it. We confidently chose Zack Washington, Ronald Zaleski, Rose Marie Waitlevertch, and Ronald Castine as we knew they would live up to the honor of being officers of the junior class. Since it has fully dawned on us that we have only one more year of high school before we must put on the caps and gowns of graduates, we hereby resolve to make the best of our last year. This year we conquered new difficulties, and though we got into the usual mischief, our records show we accomplished a good deal in the educational field, also.

SWIFTLY ON, THE SOPHOMORES

My, the first two years have gone so fast, half of our high-school career has been completed already. But it's been such fun. This year brought the new thrill of graduating from the lowest class. Now we could look down on the freshie and laugh at some of the things we did when we were mere freshmen. And the sophomore party, too, showed growing maturity in us. Some of those boys who sneered at such a practice when we were freshmen actually danced. And as our new officers we elected Mario Maloberti, Bonnie Miller, Phyllis Schmidt, and Ann Lorentz. Now we are looking forward to the future and find it hard to believe that next year, we will be upperclassmen. Here's hoping that our last two years will be filled with good times.

Dreaming of their own graduation day

Eager Beavers for Higher Learning

FANCY-FREE, WE FRESHIES

And full of fun. Now we have had the experience—of thrilling to the strains of "Deep in the hills and valleys"—of jostling along the halls with the rest of the crowd,—of going to assemblies,—of watching football games of a school to which we belong. After one year we have caught on to high school—and we like it. Furthermore, we think we're going to like it better as it goes along. Of course, they did make it hard for us at first, looking down at us and snickering "freshie" everytime we did something naive. But we proudly chose our first class officers Jack Greiner, Merle Stough, Glenn Hoak, and Raymond Greene. The freshman party turned out to be lots of fun, and oh, what fun we'll have laughing over it in future time. Now, with eagerness, we look forward to our next three years at J.H.S. and hope that they will be as enjoyable, if not more so, than the one already completed.

Oscar Staff—Oscar Collectors

This diligent group, which is our school's newspaper staff, has worked hard this year to make our high school days a bigger success. They have presented to us an edition of the "Oscar" every other week, each long-awaited issue better than the one previous. Headed by Barbara Murrman, due credit should be given to this service group who seem to regard continual improvement as their guide and perfection as their goal.

Did you ever realize that besides the work your staff does on the Oscar, each issue must be counted delivered and distributed for you? These workers receive in payment for their job, only the gratitude of the Oscar staff and the student body.

CHORUS

"Music Hath Charms . . . "

This is obvious to everyone who has had the opportunity of listening to a program presented by the Chorus of J.H.S. The perfection of their presentations is achieved only by tireless efforts and hard work. This year, at our Christmas assembly, the chorus offered the impressive cantata, "Child Jesus," which was thoroughly enjoyed by all of us. They also presented pleasing music at Baccalaureate and Commencement exercises.

According to authorities, some voice training is helpful in attaining clear diction. Mr. Lodzsun not only gives the chorus this training, but also offers each of the more than one hundred members an opportunity to direct at least one number.

Every year some of the talented members of this group represent our school at the Southwestern Music Festival.

BAND

"Proudly they march . . ."

Can you imagine a football game without our snappy band? We certainly would miss our high-stepping majorettes and band members in their attractive uniforms. The cheers of the students express the pride they feel for this outfit that represents J.H.S. The enjoyable skits which they present between halves are the envy of all the other schools in this district. This entertainment, based on Mr. Lodzsun's clever ideas, is made possible by the hard work and faithfulness of the band members. The reward for their efforts is their annual banquet, held at the end of the football season.

In April an appreciative audience applauded the band's efforts when they gave their annual concert. The success of their presentations was achieved by hard practice and whole-hearted co-operation with their director, Mr. Lodzsun.

MUSIC CLUB — ORCHESTRA

Under the leadership of Mr. Lodzsun, our popular music man, this club is organized to help pupils overcome the so-called "stage-fright," and become accustomed to performing before an audience. If you can play any type of a musical instrument or sing, you should be a member of this fine organization. During their club period, they spend time entertaining each other with their talents. Here is the chance for which all you music lovers have been waiting!

Can you imagine what our high school would be like without our fine orchestra? All of us will agree by saying that it has cheered us up on days that we were "down in the dumps." Under the direction of Mr. Lodzsun, these fine musicians are given a chance to develop their talents. Do you remember the inspiring Christmas assembly they presented along with the excellent performance of the chorus? That won't be forgotten for a long time. We are really proud of our orchestra.

REMBRANDT CLUB — CAREER CLUB

OOH! watch the paint!! Don't bump my arm . . . did I use too much color? . . . Where's my paint cloth??

Such are the remarks of the enthusiastic intellects of art that browse with brushes. This club's aim is to create a love of art and give those gifted with artistic ability an opportunity to display it. The club's capable advisor, Mrs. Fry, carefully supervises the accomplishments of the members, so that they may enjoy to the fullest extent the use of art. Besides doing their own projects, they make the snappy posters announcing the up and coming dances. Who knows? One of these prospective artists may some day become another Rembrandt or Van Dyke.

So you're planning to be a doctor, or a lawyer, or maybe a secretary or a nurse? Are you qualified? Will you be happy in your vocation? This club, which has as its sponsor Mr. Boettner, helps to straighten out the problems of students who are doubtful of their future. During the meetings of the club, vocations, qualifications, and possible satisfaction in a particular vocation are discussed and the members may ask questions of their own. A new club this year, the Career Club was formed as a part of the guidance program which was installed also this past year. Mr. Boettner has charge of both the club and the guidance program.

EL CIRCULO ESPANOL — CLASSICAL CLUB

Buenos dias, coma esta vd? are a few of the phrases you would hear at the opening of a Spanish Club session. The meetings are carried on in Spanish and many times songs and games are played from a South American country. The main purpose is to help promote the "good neighbor" policy. This is done by the many letters to Spanish boys and girls from the students of the club. Mrs. Brady is the competent advisor who makes this club interesting.

Under the leadership of Miss Fontanella, this club proves very worth while. It is one of the oldest clubs in Jeannette High School. One must be a student taking Latin to be in this club, and all the members claim it successful. They are taught the customs of the early Romans and learn all about the famous Roman and Greek women and men. It is worth knowing about the civilization, habits, and the early history of Rome and Greece, so if you are interested in all these things, you would enjoy this club.

TRAVEL CLUB — QUIZ CLUB

This is one of the more progressive clubs, ably sponsored by Mr. Stroud. It is open to all who enjoy traveling, like to study about foreign countries, and learn about other customs. They have a lot of fun taking hikes early in the morning, and going on a trip to Pittsburgh to visit many interesting places. You say you get hungry or thirsty at the basketball game? Well, this year the members take turns selling pop and candy at the games. We really appreciate this! The annual assembly which is always enjoyed is interesting and beneficial to all.

Want to sharpen your brain up a little bit? Well, the Quiz Club is just the right thing to join. In order to be a member of this club you must be a freshman. At the meetings the club holds two contests with two teams, one red and the other blue. There is an announcer, two judges and the score is tallied to make sure everything is fair. One from each team is picked to be the Quiz Kid of the month. The person with the most points at the end of the year, from each team, is the Quiz Kid of the year and receives a prize for the good work. Miss Duncan is the sponsor of this club.

GREX CLUB—COLLECTORS' CLUB

Are you bursting with dramatic talent? If so, you should join the Grex Club, for it is open to students who are interested in the field of dramatics. These sophomores, juniors, and seniors are trained in the art of acting, and they are also given the opportunity to gain a little knowledge along the lines of stage make-up and student directing. A person may see all these talents displayed in their annual assembly, one of the most outstanding of the year. This popular club of the high school is under the supervision of Miss Sabatino, a new and capable sponsor. Who knows? One of these may be another Helen Hayes or Alfred Lunt.

The Collectors' Club means exactly what the title signifies. It has been organized for those students who collect various articles as their hobby. At each meeting all of the members interested in the same items bring their collections to be compared. If one of the members doesn't have a hobby when he first joins this organization, the collections of other members will encourage him to start one of his own. Under the supervision of Mrs. Reuter, this club serves not only as an incentive to a hobby, but also as a source of valuable information. The membership is open to students of all classes.

PRIESTLY SCIENCE CLUB — SCI HI CLUB

The Priestly Science Club is under the leadership of Mr. D'Amato. It was organized in 1920, and has continued on through the years in J.H.S. It was named in honor of Joseph Priestly, the well-known chemist who discovered oxygen. The aim, hoped to be obtained by the club, is to increase the scientific knowledge of each member. To do this, the students see up-to-date movies and hear lectures that will help them. Who knows, perhaps some day one of these amateur scientists will really do some good for this world!

This organization, under the guiding hand of Mr. Lindsey, teaches all of its members the fundamentals of science. They have even gone so far as to take a trip to Buhl Planetarium. During club periods, movies of different parts of the United States are shown. The Sci-Hi Club also has an aim which is to provide an additional outlet for expansion on scientific problems and to stimulate scientific research.

COMMERCIAL—ETTA KETTE CLUBS

Do you need a secretary to do all that typing that has to be done? Then you can stop right here. Of course, they are good—they belong to the Commercial Club! The purpose of the Club is to improve their typing speed, and this they really do. Not stopping here, they strive for an artistic goal, as well as accuracy and speed. Juniors and seniors are the pupils eligible for membership to the club. Is there any wonder why these girls are so accurate with a guiding light like Mrs. Stiffey?

Are some of you guys and gals wondering about your manners and just how and when you should use them? Well kids, your problem is solved. Just consult any girl who is a member of the Etta Kette. Also, you have no doubt noticed the improved manners of Jeannette High School this year. Ask any student what the cause of this is, and what is the reply? "I owe my perfect manners to the tips given in Etta Kette Quips." This has been the project of the club this year. With the guidance of Miss Hansen, there is no wonder why it has been such a great success.

SAFETY PATROL

M. Gray, C. Little

STUDENT COUNCIL—SAFETY PATROL

This is the law-making body of our school. When you elected a representative from your home room to the Student Council you chose a dependable person, one who had ability. You knew that this group would make your laws, and so you wanted an effective governing body. Each year the members earn enough money to buy a useful gift for the school. In order to be able to do this, they sponsor our all-school dances. The man behind these students is Mr. Leinbach, and he is ready to help pupils at all times.

Mothers, here are the boys who are responsible for seeing that your darlings are well protected from traffic while on the school grounds. The Safety Patrol Boys are on guard in the morning, at noon, in the evening, and between every class, to see that no traffic passes by Fourth Street where the students go back and forth between the two buildings. Coached by Mr. Leinbach, they must stand at their stations come rain or shine, and its not always shining, so they deserve every bit of credit given them.

LIBRARY CLUB—LIBRARY MONITORS

The Rebo Club, composed of library enthusiasts, was originated only a few years ago under the supervision of Miss Mearkle, the high school librarian. This club has some of the most novel ideas to make up their club periods. Some of these include giving a short book review instead of answering "Here" to roll call and a treasure hunt through the library books. Mrs. Armbrust later replaced Miss Mearkle as advisor when she took a leave of absence to further her education.

"Miss Mearkle's little helpers in the library" are getting valuable experience in library work while also being an important asset to this much-used school establishment. They help keep our well-stocked shelves in good order and are always ready to aid the students in finding the reading material their heart desires. Our boys seem to appreciate the assistance and pleasantness shown by these girls, as is indicated by the large percentage of males to be found in the library almost every period of the day.

NATURE STUDY CLUB — JUNIOR SPORTSMEN CLUB

The main object of this club is just exactly what the name implies—they are interested in studying all about flowers, birds, trees, plants, and wild animals. Mr. McLean is their well-chosen and capable sponsor, since he teaches biology and is well-versed in all the mysteries of nature. Membership is open to anyone from freshman to senior as long as he is interested in this subject. Do you like to hike? Would you be interested in disecting a small animal to find out how it "ticks"? Then join the Nature Study Club.

Here we have an enthusiastic group of young fellows who are interested in seeing to the protection of wild life and prevention of forest fires. They could not have got a better counselor than fun-loving Mr. Amann, whose intention it is to develop in these boys the essential trait of good sportsmanship, besides teaching and discussing with them their favorite subject, sports. Comes hunting season and many of these boys are off to the happy hunting grounds pursuing rabbits, deer, or what have you.

Alphas and Betas

ALPHA TRI-HI-Y

To acquire membership in the Alpha Tri-Hi-Y is many a girl's dream and those who have achieved it are proud as can be and have right to be. This fine group of girls is under the capable sponsorship of Mrs. Bess Williams and they have held their place of distinction throughout the school. Though they're always ready to join in when there's fun and social events going on, they're just as ready to do their part when it comes to the more serious and important things in life.

BETA TRI-HI-Y

Composed of sophomore, junior, and senior girls who are chosen by ballot this club has much talent contained in it. Some of this talent was exhibited for the orphans at the Children's Home in Greensburg last Christmas when they sponsored, along with the other Tri-Hi-Y Club, a Christmas program for the children. Many of these girls, who are guided and advised by Miss Stump, also attended the Tri-Hi-Y Conference in Uniontown and the annual Hi-Y banquet.

ALPHA HI-Y

These boys, led by Mr. Basom, have been right in there pitching to keep up the reputation of being one of the most "looked-up-to" clubs of the school. At their meetings this year they have had several important guest speakers. This club boasts many fine boys who are well-known and well-liked in the school. They have done their part to make a success of the Hi-Y projects, and many of them went to Uniontown for the boys conference. At the Hi-Y Banquet also their support was noteworthy.

BETA HI-Y

This splendid organization is made up of fine boys, who are proud of their membership in a club with such high ideals. As they leave school and go into the world they will have a definite understanding of the kind of man the real American should be. They gained much valuable information when they were represented at the Hi-Y convention. Mr. Patterson, who sponsors this group is always proud of his boys, and boasts of many of them being tops in the sports and other scholastic activities.

CERAMICS CLUB

Would you like to have a new lapel pin or an unusual piece for your knick-knack shelf? Then see one of the girls in the Ceramics Club. These girls, under the able direction of their adviser, Miss Patch, make every kind of clay figures imaginable. At their club meetings they mold clay into unusual figures which are then baked in a kiln.

CHEF CLUB

"The proof of the pudding is in the eating". And, judging from the delectable aromas wafting from the Home Economics kitchens every club day, the "pudding" certainly must be delicious! On club days these fellows with the assistance of Miss Wylie, their capable advisor, prepare their own dinners. In addition to this, they also learn the proper way to set tables!

POWDER PUFF CLUB

This club truly gets its name from its activities. Miss Viar, the club's capable sponsor, gives demonstrations on how to set hair, give facials, and manicure fingernails. The members use each other for models and decide which hair styles are most becoming to them, which shades and types of make-up best suit them, and which colors they should or should not wear.

GIRLS CRAFT CLUB

The Girls Craft Club, organized a few years ago, can truly boast of another successful year. This club, under the able leadership of Mr. Black, is composed of junior and senior girls who meet in the wood shop monthly, where they learn how to use various saws and different tools. With these tools they spend many an interesting club period fashioning belts, bracelets, and various game boards.

MICROMETER CLUB—ELECTRIC CLUB

The Micrometer Club, organized a few years ago, has proof of having another successful year. This club, under the capable supervision of Mr. Shimpf, is composed of boys from all the various vocational shops. Besides working on their own projects, they also assist in making stage props for assemblies and other school activities. To see how a factory operates, they visit many of the outstanding ones in the near-by communities. All work and no fun is not their motto for they hold gala social affairs—especially the dinner dance, which is held at the end of a successful year.

Need some electrical work done? If so, see one of the members of the Electric Club, for these boys are taught to repair anything from irons to radios. Under the capable supervision of Mr. Malak, they are also taught how to rewind and repair motors, besides knowing how to wire a house. These boys receive actual experience by installing new fixtures and repairing faculty electrical fixtures of the high school. In this manner, they broaden their knowledge in this special field. Here's wishing this newly organized club lots of success.

FIRST AID CLUB — NURSES CLUB

The members of this club, under the capable supervision of Mr. Albright, are taught the various fundamentals of first aid and safety. They are acquiring a knowledge that will some day make them good solid citizens in any community. Its objectives are to prevent unnecessary accidents and to equip each member of the club with sufficient knowledge of first aid so that he will know how to act if ever needed in an emergency. At their monthly meetings, safety measures are discussed and first aid methods are taught and practiced. Our hats are off to this fine organization which is doing so much to help prevent unnecessary accidents.

The girls in this club are the nurses of the future. Just look who the advisor is . . . our popular school nurse, Miss Shearer. The members are striving to learn some of the basic fundamentals of nursing before going on to some higher institution to achieve their ambitions. Several of the club periods were spent visiting civic organizations. Among these was the Westmoreland Hospital. While taught the principles of hygiene and good living, they also learn much about the standards of living. They work diligently at their tasks all year but their efforts are rewarded by a party at the end of the year.

Mr. Barnes Zack Washington

AROUND THE SPORTS CIRCUIT
by C. H. O'Neill

Coach Barnes and his assistants had another successful season, when they compiled a record of six wins against three losses.

Outstanding for the locals were the following: Baughman, Rigby, Washington, Greene, Ryan, Artuhevich, Mastalski, Terpko, Constantine, D. Pitzer, Huether, George.

Red and Blue Nips Crafton, 19-6.

Jeannette's football season opened on the night of September 5 at home under the lights and the result was in favor of the home team, 19-6.

For the Jays, it was a strong line lead by such veterans as Constantine, Rigby, Pitzer, and Terpko along with the brilliant ball-handing of Zack Washington and Ray Greene that brought the visiting Crafton down to their knees.

Indians Bested by Locals, 26-0.

Coach Barnes and his Jayhawks were not very pleasant to one Tar Onder, a former Jeannette man, whom they sent back to Penn Township with a 26-0 defeat stuffed in his back pocket.

Again it was the strong line and lightning fast backfield that proved that the Jays really had something this year and had the Townshippers helpless at the gun.

Washington, Greene, George, and Huether were the menace in the Indian attack as time and again the four speed merchants of J. H. S. ran away with the bacon.

Bisons Marooned, 20-0.

With the first team on the bench throughout the second half, Jeannette scored a 20-0 win over Coach John Bruno's Sewickley Township Bisons at the Jeannette Field September 19 before 7,000 sports fans.

Coach Amann's "Gashouse-Gang" came into their own in this game. Rossi, Brentzel and Co. had a field day as the first stringers sat moading on the bench.

Jays Cop First Class "AA" Win, Beat Connellsville, 19-0.

Showing plenty of power and fleet-footed greyhounds, the Barnesmen secured their first "AA" victory and win number four for the season, when they dropped

the Connellsville Cokers on the losers' field September 26, 19-0.

Washington again was the spark that was needed and he directly connected with all three of the Jay tallies. (Mr. Inside) Washington scored the first TD on a jaunt over the Cokertown goal line in the second quarter. Lou Baughman, senior end for the Jayhawkers, scored in the second stanza also, when he took an aerial from Washington. Huether, local half-back, scored the last 6-pointer in the final period when he also caught one of Zack's passes.

Huether's Touchdown Run Beats Latrobe, 7-0.

Fred "Dutch" Huether's 90-yard run in the second stanza proved the winning margin over Ray Wild's Wildcats at the locals' field on Friday, October 3, resulting in a 7-0 win.

Barnes' regular left-halfback and a junior at JHS took a reverse and scrambled the 90-yards for the first and only TD of the game. "Zack" Washington made the seventh point by placement with Ray Greene holding.

Evancho's Big Red Falls Before Jay Onslaught, 20-6.

Coach A. Markley Barnes' Jayhawk eleven was given a jolt when Hurst's Taylor scored in the first period and had the visitors in the lead at the end of that period in the "big clash" of the season between Hurst's Big Red and the Red and Blue of Jeannette at McKee Stadium on the night of October 10, before winning, 20-6.

Washington's smart quarterbacking and the linebacking of Al George started the ball rolling and was finally able to overcome Hurst's 6-0 lead.

Jayhawk tallies were scored by George, Washington, and Baughman. Washington converted by placement and tossed an aerial to end John Artuhevich for the other one-pointer.

Flood City Eleven Outscores Jays, 26-14.

Jeannette High School coached by Mr. Barnes was knocked from the unbeaten group and out of the AA race when a bigger and a more aggressive Johnstown eleven came to McKee Stadium October 17 and outscored the game, but outmanned Jayhawk team, 26-14.

Clark Shaffer's Trojan gridders showed a well-rounded and well-coached team

Flood City touchdowns were scored by Struver, Svitchen, Radak, and Espey. Local six-pointers were tallied by Washington and Greene. Extra points were scored by Rainey and Radak for the visitors and by (Mr. Outside) Greene, who sent the oval across the crossbar twice for the home team.

McKeesport Outscores Red and Blue, 30-13.

Showing that the press wasn't exaggerating when it tabbed the Tigers of McKeesport as AA contenders, the Weiglemen trounced the Red and Blue of Jeannette High, 30-13 at the winners' field Friday night, October 31.

Washington scored both Jayhawk tallies while Ray Greene made the thirteenth point by placekicking the oval over the crossbar.

Locals Topped by Greensburg, 6-0.

For the tenth time during the long series which, with this game numbered eighteen, the Golden Lions of Greensburg High School walked off the field victorious against the Jayhawks of Jeannette High School by squeezing past the locals, 6-0, at McKee Stadium November 7.

Greensburg's star fullback, Joltin' Joe Radisi, scored the only TD of the game when he streaked through the Red and Blue's left tackle for eighteen yards late in the second frame.

JUNIOR VARSITY

Our Junior Varsity team, under the able coaching of Mr. McLean, came through with a very successful season. Looking ahead to next year, Mr. McLean plays all his boys as often as possible, to give them experience. Some of the boys also played as subs on the Varsity for additional experience. Most of the boys are juniors and sophomores which gives them at least one more year to play.

JUNIOR W.P.I.A.L.

Our Junior W. P.I.A.L. has had quite a tough season this year, especially having difficulty with Donora, Monessen, Latrobe, and Greensburg. Of the six games played, these future gridiron heroes won one, lost four, and tied one. The Junior W.P.I.A.L. team is made up of seventh, eighth, and ninth graders. They really deserve the credit due them for a swell job.

VARSITY BASKETBALL

Look! That's the new basketball trophy! Smooth, isn't it?

Well you can thank our varsity basketball team for it. Under the guidance of their new coach, Joe Churchman, they have climbed to the top to become the Westmoreland County Champs.

We the class of 1948 will never forget our basketball team. Playing 25 games, they won 21 and dropped 4. Quite a record! We would also like to pay tribute to the four senior players—Vic Baginski, Glenn Brown, Lou Baughman, and Zack Washington—and to their student manager, Danny Backus.

SPORTRAITS *of our Hardwood Heroes*

Zack Washington—Zack "Zeke" Washington played guard on the Varsity for three years. He played in the County Tournament, was on the all-county first team, and also honored as the "most valuable" player in the county.

Lou Baughman—Lou "Turk" Baughman played on the J. H. S. varsity basketball squad as a guard and had the thrill of playing in the County Tournament. He was on the squad two years.

Victor Baginski—"Vic" Baginski filled one of our forward posts for two years on the varsity squad. He also played in the County Torunament and helped spur Jeannette to victory.

Glenn Brown—Glenn, in his second year at varsity center, proves that he has what it takes to handle the tough pivot assignment. His good all around playing and good sportsmanship makes him an asset to any team.

Danny Backus—Danny has served as student manager for varsity basketball for three years and as manager of the J. V. team one year. He boasts two varsity letters for his work.

JUNIOR VARSITY BASKETBALL

Coach McLean's Jayvees had a successful season this year. The boys showed their good spirit and sportsmanship with 16 wins and 6 losses. With Mr. McLean as their able coach these boys have kept in trim and will be eligible for playing on the varsity next year. With this record we should have a wonderful team next year.

JUNIOR W.P.I.A.L.

Here's the basketball team that develops our future hardwood stars. Mr. Baughman, its coach, helps the boys in the seventh and eighth grades, and freshman. Keeping the boys in this bracket gives them three years to get experience for the Junior Varsity and Varsity. This makes the competion tough because most schools use sophomores, with the extra year of experience on this team.

WRESTLING

Mr. Boettner, the coach of the wrestlers turned out a fighting team this year. After a month of practice, these boys were giving their opposition a tough time. Although there record doesn't look so good, they gave their best. Mr. Boettner used mostly freshmen and sophomores to build up for next year.

MINOR SPORTS

Each year when spring comes 'round, sport enthusiasts turn their minds to the athletics which are included in spring's list of sports. Perhaps the most outstanding of these is baseball, America's favorite sport, which is an "up-and-coming" thing in J. H. S.

Another sport which claims attention in the eyes of our school is track. This team, which is represented by quite a number of fellows, has many followers on its list of fans.

Not to be forgot are the volleyball and golf squads which, although they are minor sports, do quite a job of representing their Alma Mater in tournaments.

Wrestling, although it winds up its season about the time spring comes 'round can be included as a spring sport. A comparatively new thing in our school, the wrestling squad seems to have perfection as its goal if its continual improvement is any indication.

GOLF

With five veterans returning from last year plus the new candidates, Mr. Albright should develop some good material and keep us well represented on the Greensburg Country Club golf course.

VOLLEY BALL

Mr. Churchman took his boys on the volley ball team to the tournament and won the first game, lost the second, and won the third. From here they lost both games in the quarter-finals and thus were eliminated.

BASEBALL

The cry to "take me out to the ball game" is here again. The diamond aspirants are getting ready to fight for the number one spot in the league. You can be sure that these boys, coached by Mr. Amann, will come up with a fast stepping nine to be feared by the rest of the league.

TRACK

The spring weather had the boys out in droves for the track team this season. The track team, coached by Mr. Barnes, may have an off season this year, but they are looking ahead to a strong future. Again the county meet will be held at McKee stadium.

SPORTS CLUBS

GIRLS SPORTS CLUB

Sponsored by the popular Miss Powell, this club was organized by those girls who like sports. Those wishing to join this club must pass a tough physical examination The aim of this club is to encourage moral, physical, and mental development of the members. Their out-of-school activities include swimming, bowling, and other activities to build up one's physical and mental health. At the end of the school term they make arrangements to meet during the summer. The emblem, for which they strive and proudly wear is a black and white winged foot.

BOYS SPORTS CLUB

This busy club under the capable supervision of Mr. Churchman, is open to all boys in the gym classes or those who participated in any of the high school athletics. During the monthly club sessions, the boys indulge in various games such as basketball, softball, and volleyball. Most of the members participated in some form of athletics for the high school. Not only are the boys building up their muscular physique but also they have plans to build up to an enterprising club for the future. With such great plans, we are sure that this club will be a success.

CHEERLEADERS—GYM MONITORS

GYM MONITORS

This group of upper class fellows and girls has never received the due recognition it deserved. Always having been behind the scenes, it is time they were brought forward into a rightful position. They are known as Miss Powell's and Mr. Churchman's right hand men. They patiently referee the class basketball games, check the gym baskets and other odd jobs around the gym; in general they help the teachers to keep everything running smoothly. The students realize their great value in the gym class but totally forget about them outside. All in all they have done a grand job, and we appreciate it.

CHEERLEADERS

These morale builders cheered our gridiron heroes on to victory in all kinds of weather and didn't miss a game all season. Captained by Kit Wolfe and sponsored by Mr. Jones, these Jayhawks won our enthusiasm with their peppy cheering of our favorite chants and their novel ideas for new ones. During the crucial moments when defeat seemed inevitable it was they, through their spontaneous cheerleading, that renewed the team's will to win and sped them to a better score. Bedecked in their new red and blue uniforms, they led our assemblies and made it fun for all to give out with our loud and peppy cheers.

CHEERLEADERS

Row One: J. Flowers, B. Starcoski, D. Caescrio.

Row Two: Mr. Jones, R. Gustafson, K. Wolfe, N. L. Smith, D. J. Kohl.

GYM MONITORS

Row One: V. Wolchick, J. Opar, D. L. Pany, J. Holt, M. Francese, V. Cotrell.

Row Two: G. Hoak, A. Menrano, J. Moffa, V. Baginski, E. Valetti, R. Fluke, D. Zelakowski.

LEFT: Nancy Lou, Dot Dickie, Kit, Art Dolores, and Babs show how it's done.

RIGHT: Future homemakers Duella, Isabelle, and Lois practice.

LEFT: Fred, Ruth Audrey, and Philip give out with a lusty cheer for the J.H.S. team!

RIGHT: Toni, Susie, and Kenny listen as Jimmy explains to Bill Mitchell and the radio audience his ideas on juvenile delinquency.

LEFT: Jake, Norene, and Marie watch Joe finish up a poster.

RIGHT: The Jayhawk team lines up on stage before the J.H.S.—Greensburg game.

LEFT: Mr. Boettner gives Dolly some sound advice in his guidance office.

LEFT: Don't worry, folks, "Red and Blue" will get that boy!

RIGHT: The cast of "Seventeen", a Grex Club Production, looks on as Miss Sabitino explains a part to Bobby and Carol, the stars.

Acknowledgments

The 1948 Jayhawk Staff wishes to take this means of publicly recognizing the assistance of the following in the publishing o this yearbook.

T many advertisers who have further strengthened their good will among the student body through their support of this student-sponsored publication. Many of you are alumni of this institution. All of you are proud of Jeannette High School, ——and we in turn are proud of your progressiveness. Your splendid assistance making possible this senior yearbook is evidenced by the advertisements that appear on the succeeding pages.

Mr. Don Young of the Pontiac Engraving Co., Chicago, Ill. for his constructive ideas and cooperation.

The Studio Grande of Pittsburgh, for the ninth successive year the official yearbook photographer

Mr. Edward Paulone for photographic contributions and unselfish personal services.

Mr. Barnard Cihn of Craftco, Chicago, Ill., for his suggestions in designing the cover.

Mr. Lee Murphy of the King-Murphy Press, Greensburg, Pa.

The directors, faculty and student body for their helpful cooperation throughout the school year.

Dear Fred,

The best of luck and happiness always. The times we have spend together will stay with me. I will really miss you and the gang. With all of you around I was always kept laughing, and you have always been true friends with me. I wish you all the best ★ when you start to school in September. It is an honor to know the person who won the contest.

Graduation day is soon here and then we will really know what wonderful times we have had in all our years in school. Keep smiling, Fred.

Be good.

Dear Freda
Well, I guess it's the end of the year. The most fun was last at the commencement, and that went with a bang. I'll bet parents like that pencil sharpener much. Just as all my life. Remember the ketchup, salt, and everything. Gee, I wish you all the happiness, success, luck and everything that's good with it. And I want to tell you how happy I am that you got that scholarship. Be good, and I hope you will always remember Getto's at the corner. Cigarettes. That really doesn't make me mad but you know how I feel.

Bye, bye, now

Dear Fred.

I'm sure I am out of words now after writing you a letter. Well Fred I must [illegible] you all the news in the world when I see you, but you are really owed a letter too. (But Boy when you said some things to me — Remember — I won't say any more.) But ★ this is our time for complaining. Don't let us forget our days of fun — good times we have really had. Congratulations

to the yearbook staff

for preserving a pictorial record of the school year. We are proud of having played a part in the production of this yearbook and know that you and your alumni will cherish the many memories it retains.

You are to be complimented for your initiative and enthusiasm which has played such an important part in its production. Pontiac craftsmen have tried sincerely to crown your efforts with success by rendering service and quality in the production of the photo-engravings in this book.
